PROFESSIONAL EXPERIENCE

- June/2018 Until Today

IBGE

Position: Research and Mapping Agent

Location: Belo Horizonte/MG

- Responsible for the supervision of all IBGE agencies in the metropolitan region and the Forest Zone in Minas Gerais.
- Use of Excel to verify research data, looking for inconsistencies and extrapolations of the reported data.
- Cross-check the collected data by our field agents with the data in the database.
- Use of Word to write the problems we found to the agencies when some inconsistent data is discovered, aiming to be verified as soon as possible.
- Control of demands and deadlines through Excel, in order to ensure data quality.

Main Results:

- *Implementation of a new system with Excel, through VBA, aiming to automate all the verification and cross-checks of the data from the Basic Municipal Information Survey of Minas Gerais, reducing the work sector to simply send e-mails about the problems found by the system.*

- July/2017 - May/2018

Receita Federal do Brasil

Position: Accounting intern

Location: Belo Horizonte/MG

- Work in serving the internal and external public, providing services to the taxpayer and helping with problems in the Federal Revenue Service.
- Make appointments to assist tax analysts, do changes in the CPF data and guide taxpayers on the income tax inspection.
- Make installment payments of natural persons debtors of income tax and installment payments of natural persons and companies that have social security debts.
- Check documents to initiate the IPI exemption process and documents to request a power of attorney.
- Organization, control and filing of administrative documents in general.

- June/2015 - September/2015

Lanches Murta Ltda

Position: Clerk

Location: Belo Horizonte/MG

- Provide customer service at the counter with total excellence, aiming to offer products and the sale of snacks in general.
- Responsible for opening and closing the establishment, checking the alarm, opening and closing the cashier.
- Use of the company's internal system to assist in the management and supervision of the stock.
